FEBRUARY, 1989

NORTH DAKOTA CENTENNIAL 1889-1989 100th ANNIVERSARY

1985 North Dakota Centennial Commission

M-4-08/85

FOREWORD

This publication contains statistical information about the public schools of the state of North Dakota. The reports for total mills levied and the mill levy summary are for the 1988-89 school year. The cost per pupil information is based on 1987-88 expenditures and average daily membership data.

The data are presented in the following sequence:

	Page #
Rank Order of School Districts by Total Mill Levy	1
School District Mill Levies by Fund by County	4
Fund Group 1 Revenue and Expenditures and Average Cost Per Pupil by Grade Level	18
Fund Group 1 Expenditures by Function	25
Current Expenditures by Type of District	53
Rank Order of School Districts by Average Cost Per Pupil	54

Corrections made by school district personnel after February 1, 1989 were not incorporated in the data present.

Inquiries concerning data contained in this publication or concerning education statistics should be directed to Dr. Ron Torgeson, Director, Office of Information and Research, Department of Public Instruction, Capitol Building, Bismarck, North Dakota 58505.

MILL LEVY SUMMARY FOR 1988-89

The following is a summary of the number of mills levied by school districts by county. The summary also contains the total taxable valuation of the school district and the taxable valuation per pupil. The taxable valuation per pupil is calculated by dividing the total taxable valuation by the number of children ages 6-17 reported on the 1987 school district census. The statewide average taxable valuation per pupil for the current school year is $8,005.

To determine the amount of revenue that a mill levy will raise, multiply the taxable valuation of the school district by the number of mills levied. (Example: taxable valuation $1,500,000 X .040 mills = $60,000.)

The type of General Fund levy is denoted by use of the following codes: P = percentage increase over 24 mills; S = specified maximum levy; U = unlimited mill levies; O = permissive levy of 24 mills or less. Of the total of 296 school districts, 109 districts have specified mill levies and 3 districts have unlimited levies. Twenty-nine districts levied less than 70 mills for general fund purposes. Thirteen districts made no levy for general fund purposes. Thirteen school districts did not make a levy for the 1988-89 school year. The total average levy for 1988-89 is 154.85 mills.

According to the data reported, 25 elections were held to establish specified maximum general fund mill levies during 1988. Fourteen of the elections were successful. Fourty-three percent of the 7 bond elections were successful.

The county and state totals were determined by totaling the taxable valuations for the school districts and calculating the number of mills required to raise the same amount of revenue if there were only a single county or state levy for each of the funds.

REPORT OF FUND GROUP 1 REVENUE AND EXPENDITURES AND AVERAGE COST PER PUPIL FOR 1987-88

The following report contains a summary of the revenue by source, total expenditures, the June 30, 1988 ending balance for Fund Group 1 and average cost per pupil. The column headed local/county revenue contains revenue from county sources including dollars from mineral severance and conversion taxes. The total revenue column may be greater than the total revenue for local, state and federal sources because revenue from other sources was not listed separately but was included in the total revenue column. The average cost per pupil is computed by dividing the reported costs for instruction, administration, and operation and maintenance of plant for each of the grade levels by the appropriate average daily membership. The value in the last column is the percent the ending balance was of the total Fund Group 1 expenditures.

1987-88 FUND GROUP 1 EXPENDITURES BY FUNCTION

The following summary table was redesigned and the accompanying data reported by school district personnel is provided in response to the many requests for data aggregations.

The following table contains a summary of the reported Fund Group 1 expenditures by function categorized by average daily high school membership. Also presented are the average expenditures per pupil and percent of expenditures by function for each size category. Each column contains the aggregated expenditure and average expenditure per pupil in average daily membership by function and the percent the aggregated expenditure for that function or group of functions was of the total Fund Group 1 expenditure for all purposes.

Columns headed: SALARY/BENEFITS TEACHERS contains only the reported expenditures for salaries and benefits for teachers. SALARY/BENEFITS SUPPORT contains only the reported salary and benefits expenditures for support staff including librarians, counselors and other support staff. OTHER INSTRUCTIONAL contains the reported expenditures for instructional supplies, books and equipment including audio visual equipment and computers. SCHOOL ADMINISTRATION contains the reported expenditures for the school principal's office. GENERAL ADMINISTRATION contains the reported expenditures for the school board superintendent's office, business office and other general administrative purposes. OPERATION AND MAINT. OF PLANT contains the reported expenditures for the operation and maintenance of school plants in the school district.

*The ratio is calculated by dividing the ADM cost per pupil for each category by the ADM average cost per pupil for all pupils (excluding vocational centers and special education multidistricts).

EXPENDITURE CALCULATION OF AVERAGE COST PER PUPIL FOR 1987-88

The cost of education (instruction) is calculated by adding the general and special fund expenditures for regular instructional programs for pre-kindergarten through grade 12, special education programs, vocational programs, federal programs, administration, and operation and maintenance. The total expenditures for the above functions are then divided by the average daily membership to determine the average cost per pupil.

The total expenditures for the above functions were then divided by the average daily membership to determine the average cost per pupil. The average cost for 1987-88 was as follows: kindergarten, $1,755.64; grades 1-6, $3,089.71; grades 7-8, $3,286.78; grades K-8, $2,972.23; grades 9-12, $3,754.74; and all pupils, $3,041.16. The rank order of school districts by average cost per pupil is presented in the following tables.

RANK ORDER OF HIGH SCHOOL DISTRICTS BY 1987-88 AVERAGE COST PER PUPIL
